

Verification Statement

Climate, Community & Biodiversity Standards

CCB Standard Third Edition

Monitoring Period, 1 April 2012- 31 December 2016

Project Title	REDD+ PROJECT FOR CARIBBEAN GUATEMALA: THE CONSERVATION COAST
VCS Project ID	1622
Project Proponent(s)	Fundación para el Ecodesarrollo y la Conservación (FUNDAECO) Phone: (502) 23141900 Address: 25 calle 2-39 zona 1, Guatemala City, Guatemala Email: k.aguilar@fundaeco.org.gt Website: www.fundaeco.org.gt
Project Location	Izabal Department de Izabal, Guatemala.
Date of Verification	11 December 2017
Distinctions	Biodiversity Gold Level
Verification Opinion	<p>The review and cross-check of explanations and justifications in the monitoring report dated on 27 November 2017 version 2.52 with supporting sources have provided AENOR with sufficient evidence to confirm the accomplishment of all stated criteria of the Climate, Community and Biodiversity Standard Third Edition. The summary of Climate, Community and Biodiversity benefits that has been generated by the project included on the cover page of the monitoring report is accurate.</p> <p>In opinion of AENOR, the project and the monitoring report meet all relevant requirements for the CCB Standards Third Edition, including biodiversity exceptional benefits.</p> <p>AENOR confirms that the project is being implemented in accordance with the validated project description and the validated project deviation occurred during the current monitoring period to address the Biodiversity Gold Level.</p> <p>When project or methodology deviation occurred they were appropriately addressed in accordance with the CCB Rules and they did not impact the implementation of the project.</p>

AENOR confirms that the project has achieved the results stated in the monitoring report for Climate, community and biodiversity, summarized in the cover page, for the present monitoring period.
